Mohave's New E-Rate Tool for Members

Julia Tribbett, Director of Business and Operations

It's E-Rate time, but please don't cringe! With the new E-Rate funding cycle and awards, Mohave has put together a new tool to help when using a Mohave E-Rate contract. Vendors and members now have access to a step-by-step E-Rate guide that will hopefully ease the process of getting all the information to Mohave for review and the E-Rate project started.

Click on image to view and download Mohave's New E-rate Order Guide from our Training Corner.

The tool includes an explanation of the process, what is needed on both member pos (with examples given), and the backup paperwork that should accompany the purchase orders sent to Mohave when using a Mohave E-Rate contract. This tool is located on our website in Mohave's Training Corner. Mohave has also sent this tool to our E-Rate vendors and asked that it be given to our Mohave members at the time of quoting their E-Rate contract.

E-Rate is a long process and Mohave is hoping that after filing your requests and receiving a funding commitment from the SLD that finishing the project by using one of our E-Rate contracts will now be easier. Please see the following tool and know that any feedback or questions are always welcome. Please contact one of our contract specialists listed below:

Craig McKee, Director of Contracting Programs
Phone: 928-718-3201 craig@mesc.org

Mark DiBlasi, Contract Specialist II
Phone: 928-718-3220 mark@mesc.org

Nancy Colbaugh, Contract Specialist I
