### **Previously Submitted Questions and Answers:**

- **Question:** Page 48 of the IFB, paragraph 12.8 Price workbook: Given the numerous models, options, and accessories for each manufacturer, is it possible to utilize pricing catalogs that are referenced within the price workbook - or do you want each model, its options, and accessories line itemed on the workbook?
- **Mohave Answer:** You are able to submit manufacturer catalogs/price lists instead of having all the pricing included in the pricing workbook. Please refer to Page 22 and 23. Also, refer to Special Term and Condition 10.4 - Initial catalogs/price list, page 36. Just ensure you include a copy of the pricing workbook Sections 1 to 7 in your bid. The two electronic copies of the workbook and submitted pricing are redundant and will ensure we receive everything. Refer to Page 22 Number 4.
- **Question:** Some bonding companies are asking about the reason for the bid bond, since this is a commodity bid.
- **Mohave Answer:** The state and school procurement rules specify that a bid bond accompany all bids received. These bid bonds will be returned to the bidder at the end of the process and used as an assurance of the bid received. The required bonding capacity letters are required for all construction projects completed and demonstrates the single bonding capacity and the aggregate capacity of you firm.
- **Question:** Is Mohave requiring a local presence for service or repair.
- **Mohave Answer:** No, the answers provided to questions in Tab 2a and Tab 4a will demonstrate your firm's capacity and capability in providing service and repair.
- **Question:** How are the amounts in the insurance requirements set.
- **Mohave Answer:** The dollar amount used for liability insurance and any other insurance that maybe included in the IFB are set through best practices from the state procurement office, members or other entities that complete similar bids.
- **Question:** Obtaining dealer letters for some manufacturers is difficult, if these dealer letters are not provided, will this cause the bid to be rejected or the ability to provide the manufacturer to be denied.
- **Mohave Answer:** No, as stated in the bid, *"If a manufacturer's letter is not provided with the submitted proposal and pricing, the manufacturer's product line may be removed from consideration at Mohave's discretion."* Discretion will be utilized in the best interests of the Mohave membership.
